

Fully Automated Reinsurance Accounting Solution

Solution

ReACC is a fully automated reinsurance accounting solution.

Process Efficiency

How many man-days are spent to generate reinsurance accounts?

Are reinsurance accounts always prepared on time?

Are your current reinsurance processes efficient?

Accuracy

How much reinsurance premiums do you pay annually?

Are the calculations accurate or are you over/under-paying reinsurers?

ReACC delivers accuracy & process efficiency.

Benefits

ReACC significantly improves your reinsurance processes.

ACCuracy

ReACC calculates risk exposures & produces reinsurance results & accounts accurately.

ACCeleration

ReACC produces automated reinsurance results & accounts instantly, accelerating your reinsurance process. Staff can be redirected to higher value tasks.

Accountability

ReACC ensures accountability in the reinsurance process, providing assurance through reduced risk management & audit issues.

“ReACC is simply awesome!”

Quality

ReACC is a top-of-the-line reinsurance solution.

Sound

ReACC is developed using sound actuarial methodologies, rigorously tested & documented in user friendly way.

Secured
